Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Friday 22 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Wintry showers after a frosty start.

Today:
A frosty start with sunny spells and wintry showers west of the region. Showers becoming both more widespread and heavier across the region through the afternoon as cloud thickens. Feeling cold. Maximum temperature 8 deg C (46 deg F).

Tonight:
Showers continuing through the evening before becoming drier for most overnight under cloudy skies. Frosts likely with a risk of ice too. Feeling cold. Minimum temperature -2 deg C (28 deg F).

Saturday:
After a frosty start most will see a dry day with plenty of sunny spells. Wintry outbreaks of rain, heavy at times, will arrive from the west overnight. Feeling cold. Maximum temperature 5 deg C (41 deg F).

Outlook for Sunday to Tuesday:
Rain and hill snow followed by sunny spells on Sunday. Drier with sunny spells on Monday. Rain, sleet, and hill snow on Tuesday. Cold with ice and frost risks throughout.
